

Announcement No. 9

Our Chatham Borough Health Officer was notified of two (2) additional residents that have tested positive (April 10-13) for the COVID-19 virus for a total of forty-one (41) positive cases. For patient confidentiality purposes, specific details will not be released. As is standard protocol, our health department is monitoring and investigating the cases including contact tracing and notifying appropriate parties. Self-quarantining protocols are in place.

As a reminder, residents should be staying home during the Governor's Order. We should all (including children) be continuing our own social distancing and other guidelines to minimize community spread. We will continue to share information on this and other cases when appropriate.

For more information on Chatham Borough's response to COVID-19, please visit www.chathamborough.org.
