

**CHATHAM BOROUGH BOARD OF HEALTH
REORGANIZATION AND REGULAR MEETING MINUTES
Thursday, January 9, 2020**

CALL MEETING TO ORDER: The meeting will be called to order at 7:00 p.m.

STATEMENT REGARDING ADEQUATE NOTICE OF MEETING:

In compliance with the requirements of the Open Public Meetings Act, N.J.S.A. 10:4-6 et. seq., adequate notice of this meeting has been provided by publishing a copy of the Reorganization and Regular Meeting notice in the Chatham Courier, the Daily Record, and the Alternative Press on January 3, 2019 a copy of which was posted on the official bulletin board on the main floor of Borough Hall, and was filed in the office of the Borough Clerk.

ROLL CALL:

PRESENT:

Lisa deRosa, R.N.

Micki Chaput, R.N.

Kay Kaiser, R.N.

Megan Avallone, Health Officer, Westfield Regional Department of Health

Beau Preston, R.E.H.S., Westfield Regional Department of Health

Council Liaison Robert Weber, Sr.

Melanie Politi, Board of Health Secretary

Jim Lott, Board Attorney

ABSENT:

Lisbeth Bringgaard, R.N.

Shelliam Lee

Andrew Zoltan – 1st Alternate

Bridget Colendenski, R.N., Public Health Nurse

ADMINISTRATION OF OATHS OF OFFICE:

Mr. Lott administered the Oath of Office to Mrs. deRosa.

MOTION TO ADOPT MEETING MINUTES:

MOTION to approve, as prepared, the following meeting minutes: December 2019
Approved minutes shall be filed as a permanent record in the Borough Clerk's office.

The meeting minutes from the December meeting were approved.

PUBLIC COMMENT:

Mr. Ercolano from 19 Hillside Avenue, wanted to speak to Mr. Lott regarding the noise from his next door neighbor at 21 Hillside Avenue. Mr. Lott directed Mr. Ercolano to address the Board with comments/ concerns. Mr. Ercolano spoke about how the noise next door from the water heater has affected his life. Mrs. Avallone and Mr. Preston stated they have been in contact with Mr. Ercolano on an ongoing basis and are aware of the complaint. The initial noise complaint goes back many years, back to when the Madison Health Department's REHS had investigated.

Mr. Preston had listened to a recording of the trial on this matter; Mr. Lott was also aware of the previous trial which took place in November of 2013. The judge had dismissed the case because he felt the water heater was making normal noises, but Mr. Ercolano is still disturbed by it.

The Board and the Westfield Department of Health told Mr. Ercolano this is a matter that should be reconciled with the landlord/owner of the property.

REPORTS:

1. December Nursing Report (see attachment)
2. December R.E.H.S. Report (see attachment)
3. 2019 Financial Reports (see attachment)
4. 2019 Vital Statistics Report (see attachment)
5. December Animal Control Report (see attachment)
6. December Pest Control Report (see attachment)
7. December Health Officer Monthly Update

The reports were reviewed.

REORGINIZATION RESOLUTIONS FOR 2020:

Mr. Weber noted there was a missing Resolution: Resolution 20-05 designation of Publication. Ms. Politi stated she will add:

- Resolution #20-01: Resolution Establishing the Board of Health's Annual Meeting Schedule for the Year 2020.
- Resolution #20-02: Resolution electing the Board of Health Officers for the Year 2020
President: Lisa deRosa Vice President: Kay Kaiser
- Resolution #20-03: Resolution Designating Legal Counsel for the Board of Health for the year 2020.
- Resolution #20-04: Resolution Designating the Board of Health Secretary for the year 2020.
- *Resolution #20-05: Resolution Designating the Daily Record as the Newspaper of*

Publication, with the Chatham Courier as alternate.

DISCUSSION ITEM(S):

S2173 Update. Mrs. Avallone discussed the Bill before the State Senate and updated the Board on the Hearings.

NEW BUSINESS:

Introduction of Board of Health Ordinances BH 2020 01-08. Mr. Lott read the Summary of each Ordinance.

Chatham Borough Board of Health
Monthly Nursing Report
December 2019

CHILD HEALTH CONFERENCE – There were three scheduled child health conferences in December; on 12/3/19, 12/16/19 & 12/17/19. No children from Chatham Borough were seen.

SAFE KIDS COMMITTEE – No meeting was held for the month of December.

SCHOOL GUIDANCE – Provided immunization guidance to the preschool director at the Chatham School House.

VACCINES FOR ADULTS (VFA) PROGRAM- The Vaccines for Adults Program continues to be offered. Vaccines currently available are: HPV, Tdap, Meningitis, Pneumonia, Shingles, Hepatitis A, Hepatitis B, MMR, Varicella & Influenza (in season). To be eligible, individuals must be uninsured. Interested persons should contact the Westfield Regional Health Department to determine whether the vaccine would be appropriate for them to receive.

For December 2019: 2 VFA vaccines were given for the month of December; none were residents of Chatham Borough.

VFA PROGRAM UPDATE - Contact continues to be made with local medical practices & organizations to educate physicians and staff regarding this program. Informational sheets with WRHD contact info are mailed out to different providers monthly. Practices & organizations are asked to please post &/or distribute this information which includes program criteria eligibility and immunizations available. Practices/organizations contacted for the month of December include:

- * Dr. Traficante, Chatham
- * Dr. Katz, Fanwood
- * Dr. Yarovsky, Garwood
- * Dr. Bernal-Schnatter, Mountainside
- * Dr. Solomon, Roselle Park
- * Dr. Chen, Summit
- * Dr. McDevitt, Westfield

LEAD EDUCATION – The Healthy Homes Community Outreach Worker presented family centered information at the December 3rd child health conference. A lead poisoning prevention display was set up for education. A community outreach worker discussed lead prevention information with the parents of clinic patients after their appointments. This included an interactive display featuring a cartoon dog having “dust” on him that is visible with the blue light attached above it. It shows how just a little exposure can cause lead.

AUDITS - An audit was conducted on the Chatham Middle School in Chatham Borough on 12/11/19. 327 6th grade & 33 transfer records were reviewed regarding immunization compliance. This audit revealed eight children were improperly vaccinated reflecting a compliance rate of 98%. Discussion with school nurse was done regarding benefits of all children needing to be vaccinated as well as exclusion practices. A re-audit will be conducted in January. Results of this re-audit will be forwarded to NJ State Vaccine Preventable Disease Program for follow-up investigation.

CHRONIC DISEASES - There were no chronic disease cases reported to the health department for Chatham Borough.

COMMUNICABLE DISEASES – There were three communicable disease cases reported to the health department for Chatham Borough.

- Lyme – 11 year old male; presented with musculoskeletal symptoms, no known tick bite, WB IgG positive, treated with doxycycline antibiotic.
- Lyme - 16 year old female; presented with musculoskeletal symptoms, no known tick bite, WB IgG positive, treated with doxycycline antibiotic.
- Influenza – 91 year old female; presented with fever, headache, cough, chills, muscle ache; did not require hospitalization; received influenza vaccination in September.

OVERLOOK MEDICAL CENTER is sponsoring the following events for January 2020:

JANUARY

Wednesday, January 8th - Blood Pressure/Glucose Screenings
@ the Vito Gallo Senior Center
12 Chestnut Avenue, Summit
from 12 Noon – 3 PM

Monday, January 13th - Blood Pressure/Glucose Screenings
@ the Garwood Shop-Rite
563 North Avenue, Garwood
from 11 AM - 2 PM

Wednesday, January 15th - Blood Pressure/Glucose Screenings
@ Overlook Medical Center
4th floor cafeteria
99 Beauvoir Avenue, Summit
from 11 AM – 2 PM

Thursday, January 16th - Blood Pressure/Glucose Screenings
@ the Westfield YMCA
220 Clark Street, Westfield
from 10 AM - 12 Noon

Overlook Medical Center's Community Health Department provides various diabetes and BMI screenings as well as education events at different dates, times & locations. For additional information regarding these programs, please contact 1-844-472-8499 or 1- 800-247-9580.

Please contact Raul Cadavid 908-522-2842 for questions or to inquire about upcoming classes & screenings.

Respectfully submitted,

Laura Scanlon, BSN, MS, RN
Public Health Nursing Supervisor

	5201708	JDare	12/6/2019 1:59:00 PM	Email	12/6/19, 12:15pm, I received a fax, re: bite, from Loray, Westfield Health Department. Owner: Neal Collins, 973-417-9475, 19 North Hillside Ave Chatham. Dog: Wendy, Boxer/Mastiff mix, 3 yrs, Female, brindle short haired. Victim: Courtney Jent, 973-534-9192, 7 North Hillside Ave Chatham. Circumstance: dog bit her dog and did not bit Courtney. Bite: 12/5/19, Release Date: 12/15/19. At 2:35pm, I assigned Officer Wolfenden. Manager Dare
	5201757	JDare	12/6/2019 2:22:00 PM	Email	

12/5/19, 12:15pm, I received PD report that reads as follows:

On 12/5/19 at approximately 1842 hours, patrol responded to N. Hillside Ave specifically near the baseball field at Memorial Park, for a reported dog bite.

Upon arrival, I made contact with the complainant, (AS), who was located in the batting cage area of the park with two of his leashed dogs. (AS) stated that while walking his dogs through the park two dogs, described as a boxer mix and a Shepard mix, ran up to his dogs and were acting rowdy. (AS) advised that he was concerned with the rowdiness and aggression therefore he separated his dogs from the other dogs by remaining in the enclosed batting cage area before calling the police. (AS) stated he is familiar with the dogs that ran up to him and advised they belong to his neighbor at 19 N. Hillside Ave.

While speaking with (AS), the two dogs running at large ran up to me and did appear rowdy and excited to be running through the field freely but did not appear vicious in nature. During my entire interaction, the dogs did not appear aggressive. At this time, I observed the owner of the unleashed dogs, Neal Collins, attempting to secure both dogs. the owner called the dogs by name of which neither dog reacted to at this time. shortly after, Neal was able to secure both dogs inside his residence.

While en route to speak with Neal, we made contact with an additional complainant, identified as Courtney Jent. Courtney stated that while walking her golden retriever in the direction of the park, (AS) advised for Courtney to stay back because there were two dogs running at large that appeared to be aggressive. Courtney then advised she began walking back in the direction of her residence and the and the loose dogs ran towards her. Courtney advised that she was concerned for her dog's safety therefore she ran to a nearby neighbor's porch and yelled for help. While on the porch, Courtney stated that one of the loose dogs, described as a boxer/mastiff mix, mauled her dog. Courtney stated the dog was aggressive and appeared to be vicious. Courtney also stated that she believed the dog may have bit her dog. It should be noted, her dog had a fabric covering on his body and she was unable to confirm if an actual bite took place.

Courtney informed me that while attempting to separate both dogs, she was unable to do so because of the dog's large size and aggressive behavior. At this time, Neal opened the front door of his residence and the dogs ran in his direction. Courtney then advised she was able to get back to her residence once the dogs left. Courtney stated that it did not appear that the boxer mix punctured her dogs skin but again stated that she was concerned for her and her son's safety and the safety of other residents who have children residing on her street.

Patrol then spoke with Neal's wife, Maria Collins, who advised me that both dogs have been secured and that Neal had left for his son's basketball practice. Maria provided me with up to date vaccinations and dog licenses for both dogs. Maria was very apologetic and concerned about the incident that occurred. Maria stated that while checking her backyard to confirm a reason for the dogs escape, she found the gate in the backyard to be left slightly open. Maria advised that the opening of the gate may have been related to an ongoing civil case with her next door neighbor. Maria again advised that this has not happened before and the dogs are not aggressive or vicious and remain enclosed inside the backyard while they are outside. There were no prior dog bite incidents connected to this address upon checking past cases on RMS for this case.

Neal was issued a Special Complaint Summons for borough ordinance 79-10.1, dogs in public places for having both of his dogs off leash, running at large in Memorial Park.

Nothing further to report.

(AS) Anthony Scerbo.PTL Agnes Cisek #140.

December 6th at 2:45pm I contacted the victim in a dog on dog, dog bite case (Case C05627384). The victim in this case was Courtney Jent 973-534-9192, 7 N Hillside Ave, Chatham. I spoke to her and she stated she would send in a statement and a copy of her dog's rabies vaccinations. I gave her the proper information to do so. I asked her if the dog was licensed and she stated she didn't think it was. I advised we would contact her if we needed any further information and advised she get her dog licensed as soon as she was able. Call ended. At 2:49pm I contacted the suspect dog owner Neal Collins 973-417-9475, 19 N Hillside Ave, Chatham. I spoke to him and his wife Mariah on speaker. I requested they send in a statement regarding the incident as well as a copy of their dog's rabies vaccinations. They stated they would after a very long conversation. I gave them the proper information to do so as well as the number for our office. They asked me about their dog being on a 10 day quarantine because the officer that responded out after the incident had stated the dog needed to be quarantined. I advised that as it was an incident between 2 dogs that would not be necessary. They asked that I pass the information along so that they don't get in trouble for taking their dog for a walk despite what the officer told them. I advised I would have our office reach out to the health department to try to remedy this false information. They asked about waiting to send their statement until they get the police report and I stated that they should get the statement in as soon as they were able and they stated they wanted to wait until they had the police report. I asked about the dog's license and they stated the dog was licensed in Chatham. Call ended. I am requesting an email be sent to the health department regarding the PD telling the owner that the dog needed to be quarantined. I am also requesting a letter be sent to Ms. Jent regarding licensing her dog. Officer Wolfenden

December 14th at 1:05pm I contacted Neal Collins 973-417-9475, 19 N Hillside Ave, Chatham to follow up on the statement his wife was supposed to have sent in regarding the dog bite incident that had occurred on 12/5. I left a voicemail requesting the statement be sent in and if he had any further questions to contact our office. Call ended. At 1:06pm I contacted the victim Courtney Jent 973-534-9192, 7 N Hillside Ave, Chatham. I spoke to her and she stated she had been travelling for work and was sending her statement in this weekend. I double checked with her about any injuries to her dog and she stated that there were no bite marks so she didn't have any photos or medical records to send us. I thanked her. Call ended. PD report is as follows:

On 12/7/19, at approximately 0659 hours, I responded to 22 Vincent St on a report of a dog bite.

Upon arrival, I made contact with the victim, Marina Adams, who was located in bedroom laying in her bed bleeding heavily from a puncture wound on her wrist. Marina advised her dog, identified as Peaches, and described as a 25 lb Siba Inu dog breed, bit her when she reached her right hand inside the cage to pet the dog.

Marina stated that upon waking up this morning she walked over to her dog's cage and reached inside to pet the dog. Marina advised the dog latched on to her wrist resulting in a puncture wound. Marina informed me that the dog had food inside the cage and she believes that the dog may have been protective of the food inside the cage causing him to react with a bite. Marina and her family advised that the dog has not had any prior dog bites and advised the dog is not aggressive or vicious in nature.

The CES arrived on scene, provided first aid and checked the patient's vitals. The patient was then transported to the Morristown Medical Center for further medical treatment.

I completed an investigation report and animal bite report for this incident. All of the reports have been forwarded to the Madison Board of Health and Animal Control Solutions. The copies of the vaccinations have been uploaded into the document section of RMS. Upon checking for a valid dog license for Peaches none was found. The owner of the dog then confirmed that she had not registered the dog in the borough. The owner was issued a special summons complaint for 79-3 dog license required. The owner was also advised the dog is to be contained for 10 days as a result of this incident. PTL Agnes Cisek.

5205205	admin	12/10/2019 2:22:00 PM	Site Visit	<p>12/10/19: On 12/9/2019 at 4:17pm I received an email from Officer Wolfenden regarding a quarantine follow up at the residence of Marina Adams, 22 Vincent Street, Chatham, 646-573-5855. Note: This is the phone number for Marina. Phone number listed on report is for her mother Maria. On 12/10/2019 at 9:40am I phoned Maria. I left a voicemail. On 12/10/2019 at 11am I arrived at 22 Vincent Street, Chatham. Paul Pisany and his wife Maria answered the door. Their daughter Marina, 22 years of age is the owner and victim. They agreed to do the quarantine as their daughter was working. I took a photo of Peaches the Shiba-Inu. Paul advised that they received a summons from Chatham PD for unlicensed dog. He also stated they went to apply for a license. I explained the rules of the quarantine to Paul and Maria. They understood. I completed the state document and scheduled the quarantine release for 12/17/2019 between 9-11am. I also left our contact information and our email address and requested that Paul have his daughter email a statement ASAP. I cleared at 11:15am. Officer Moglia</p> <p>12/12/19, 11:58am, I sent a reminder email to Officer Moglia to conduct quarantine release 12/17 between 9-11am. Manager Dare</p> <p>12/12/19, 12:02pm, I sent an email to Meg/Loray, Westfield Health Department for Chatham Borough requesting a letter for unlicensed dog be sent to owner. Manager Dare</p> <p>From: Marina Adams Date: Sunday, December 15, 2019 Subject: Marina Adams 12/7/19 Documentation To: animalsolutions1 Hello,</p> <p>I am writing to document the incident that occurred on December 7th 2019 at 22 Vincent Street in Chatham. What had occurred was that I had woken up early, it was dark in my room, and went to pet my dog who was in her crate. I however didn't realize that she had leftover kibble in her bowl, and reached my hand into the crate across the bowl. I intended to pet her but she took it as I was trying to steal or take away her food. She bit my hand and latched on, doing a thrash motion. I screamed and that's when she let go. My boyfriend who was saying over they night immediately closed the crate. I felt incredibly lightheaded. I then went over to the bed and passed out. The sight of blood the overall trauma of the situation was a lot for me especially because it was unexpected. I then remember the paramedics coming into my room and then going to the hospital in an ambulance. A week later my hand is scabbed over and only hurts a slight bit. Let me know if you need further information or have any questions.</p> <p>Thank you, Marina Adams</p>

December 2019
Re: Pest Control Report

EXTERMINATION REPORT

Tamaques Park - Inspected the perimeter of the park and play area. No burrows or activity were noted at time of inspection.

Public Work Center - A visual inspection performed to building. No complaints at the time of service and we continue to bait for rodents to exterior perimeter of property lot, garage and locker rooms.

Mindowaskin Park - Inspected and walked entire perimeter of park and pond for rodent activity. No evidence noted at the time of inspection.

Westfield Quarterly:

Performed visual inspection at the locations below and no action was necessary.

- 1) Storm sewer drain system intersection Hanford Place and Eaglecroft
- 2) Stream behind Cranford Avenue - From intersection of Benson Place to intersection of Sherman Street - Inspected stream and all common areas of harborage, no evidence of activity noted at time of inspection.

Other Westfield Calls:

During December received from Loray regarding fungus gnats in her office. The gnats were coming up from the soil of the potted plant. So we treated the soil as the plant is too big to change soil.

Fanwood Quarterly:

- 1) Fanwood Recycling Center, North Avenue - Inspected and baited little recycling shed and along stream line, refilled baiters.
- 2) Fanwood Public Works Yard, North Avenue - Inspected perimeter of building and yard for rodent and insect activity. No evidence noted at the time of inspection for rodents, no complaints.
- 3) Grounds and Parking Lots (North and South Avenues- Fanwood Train Stations) - Inspected surrounding area for potential harborage. No activity noted at time of inspection.
- 4) Storm Sewer Drain System Beech Avenue - Visual inspection performed to area, addressed the storm drains.
- 5) Storm Sewer Drain System Laurel Avenue - Visual inspection performed to area, addressed storm drains, and inspected surrounding areas.
- 6) Storm Sewer Drain System from 422 South Avenue to 440 South Avenue - Visual inspection performed to area, addressed all storm drains in the vicinity.

Other Fanwood calls: We received a call from Jesse regarding mice seen at the Municipal Bldg (Auxillary Bldg) on 75 N. Martine Ave. We placed bait stations by floor boards, in attic and inspected all areas for possible entry points as well.

Garwood:

1) Streams and storm drains from the Westfield line between Willow Avenue and Myrtle Ave to between Oak Street and New Street. Also continuing along South Avenue to the Cranford border line. We inspected and three burrows which were dusted and sealed.

Garwood Calls: None.

Mountainside Quarterly:

1) Municipal Building Complex, 1385 Rt. 22 East – Visually inspected perimeter of building. Preventative baiting performed to outside perimeter for rodents.
2) Storm drain system from 245 through 285 Friar Lane, and Hawk Ridge Grouse Lane – Inspected all areas of harborage and no evidence of activity was noted.

Mountainside Calls: None.

New Providence Quarterly:

1) DPW & Water Treatment, 100 Park Place - Inspected property for rodent activity. All bait stations outside were refilled.
2) Library, 357 Elkwood Avenue – Inspected inside and outside perimeter of building. No activity noted at time of inspection.
3) Municipal Offices, 360 Elkwood Avenue – Inspected building and dumpster area for rodent activity. No complaints noted at time of inspection. Refilled the bait stations near dumpsters.
4) Oakwood Park – Inspected Park for rodent activity. No activity noted.
5) Lyons Park - Inspected Park for rodent activity. No activity noted.

New Providence Calls: None.

Roselle Park Quarterly:

1) Walnut Street Detention Basin – Visual inspection of area performed, no evidence noted and no complaints, no action taken.
2) Hawthorne Street Detention Basin – Visual inspection of area performed, no activity noted at time of inspection. No evidence of any activity, no action taken.
3) Storm Drain System Reindel Place – Visual inspection performed to area, addressed storm drains as a preventive. No complaints received during the month.
4) Storm Drain System 400 Block of Chester Avenue – Visual inspection performed to area, addressed storm drains as a preventive. No complaints received.
5) Public Works Yard, West Webster Ave: Routine inspection, no activity noted and no complaints. Refilled bait stations towards the back of property.

Other Roselle Park Calls: During December, we went back to the resident of Ms Pauksena who lives at 433 East Lincoln. She had us come out to refill the bait stations for the rodents coming onto her property due to two other residential properties near her home. (One property is vacant and the other has an overloaded garage filled with rubbish). Jesse is aware of these two properties and is working on the issue to help resolve Ms. Pauksena's issue.

We also went to the corner of East Colfax and Walnut and walked the path by tracks. A resident living at 44 East Colfax complained of rodent sightings by the tracks. Area by her resident had no burrows, nor did the path.

Summit:

- 1) Municipal Complex, 512 Springfield Avenue – Inspected building for any activity. Bait stations were filled outside perimeter of building and inside police garage.
- 2) Fire Headquarters, 396 Broad Street – Inspected building for any activity, no complaints.
- 3) Municipal Library, 75 Maple Street – Inspected building for any activity, no complaints reported at time of inspection.
- 4) Recreation Dept, 100 Morris Avenue – Inspected building for rodent or mice activity.
- 6) Summit Transfer Station and Disposal Area, New Providence Road – Inspected property for rodent activity. Refilled all bait stations as well.
- 7) Alley behind food establishments on Union Place – Inspected area for rodent activity. No complaints.
- 8) Union Place across from Summit Train Station – Baited area as a preventative for rodents and storm run offs. No activity noted at time of inspection. No complaints.
- 9) Briant Pond off Springfield Avenue and Briant Parkway – Walked and inspected pond area for rodent activity. No activity noted at time of inspection.
- 10) Dept of Public Works Garage, 41 Chatham Rd.: Routine inspection inside and out. Refilled bait stations inside downstairs and baited all burrows outside on the left side of building.

Other Summit calls: None

CHATHAM

Monthly inspection was conducted for rodent control at the following sites during December with no activity to note:

- 1) Easement located between 63-67 Fuller Ave.
- 2) Culvert located between 62-58 Chatham St.
