MAYOR'S ANNUAL MESSAGE

Mayor Harris wished everyone a Happy New Year and welcomed Council Member Weber and Council Member Kobylarz to the Borough Council. Mayor Harris thanked all volunteers who have served on the numerous boards, commissions, advisory committees, and the Library over the past year and reported that Chatham Borough could not function as a community without these volunteers.

Mayor Harris then proceeded with his Annual Message.

Annual Message 2018

“In keeping with tradition, I want to spend just a few minutes talking about our accomplishments in 2017 and our priorities for 2018.

“In 2017 we kept the municipal tax increase to 0.80% and, among other things, focused on projects that we believe will ensure that Chatham Borough is well-positioned for a sustainable future. Key among those projects were the completion of the build-out analysis for the sewer treatment facility, which we share with Madison, so that we can take an organized approach to expand capacity to meet increased demand. We also

- began studying the redevelopment potential of post office plaza, adopting an approach that was based on extensive community outreach,
- worked with NJDOT, NJ Transit and Morris County planning officials to continue our efforts to address traffic congestion, especially on Route 124 (Main Street).
- continued to improve our municipal water infrastructure, and
- improved our park lands, including at Liberty Park, Kelley’s Pond and the Riverside Trail that begins at Shepard Kollock Park.

“We did stumble a bit on the post office plaza project, and had the unexpected task of transitioning to a new Borough Administrator, but we are going into 2018 with everything back on track.

“2018 will be a year of challenges and more hard work. The key project will be the post office plaza redevelopment study, which will continue to include community outreach as a development plan is created and, hopefully, discussions with potential developers will begin.

“In addition we will, among other tasks:

- work with Madison to finalize a capital improvement plan for the sewage treatment facility
- apply to renew our Sustainable Jersey certification at least the Silver level
- address the challenges presented by significant commercial and residential developments in Chatham Township, Madison and Florham Park

- undertake a revaluation of property values, because the assessment ratio – assessed value to market value – dropped to 82% at the end of 2017, which is below the 85% ratio at which point a revaluation is required by the state
- move forward with necessary improvements to our roads and water utility infrastructure,
- purchase technology to track requests for service from the public
- continue to work with the NJDOT and county officials to develop approaches to address traffic on Main Street
- explore, with NJ Transit, the possibility of establishing a new train station on River Rd. in the Gateway area.

“Our capital budget planning over the next two years will be particularly challenging because, in addition to the normal infrastructure work, we will have to budget for the work to be done at the sewage treatment plant, address the capital needs at the Library for its Renovate, Modernize and Reorganize project (which can hopefully be funded in part by funds from the Library Construction Bond Act approved by the voters in November 2017), and continue our investigation of the needs of the Fire Department.

“These are only the highlights – there will be much more. And, as I say every year, all of this will require the efforts of volunteers and the participation of the community. It is only by working together that we can continue to develop and implement plans that will ensure that Chatham Borough remains the great community it is – a place that embodies the past, the present and the future and in which both current and future generations can thrive.

Mayor Bruce A. Harris ended his 2018 Annual Message and proceeded with Resolution #18-03.
