DISCUSSION ITEMS

Capital Projects –

Mr. Vincent DeNave, Borough Engineer reported that the Borough has started the Curb and Sidewalk program and the main roads being worked on for curbing are, Princeton, Cornell and Dunbar. Each year there are lifted sidewalks and complaints that are being taken care of during the sidewalk replacement program. Six zones in the Borough have had sidewalks replaced. the plan was to take care of one Zone per year. The Borough is working on Zone One which does not have sidewalks, so they are focused on curbs and reported tripping hazards.

Mayor Harris asked Mr. DeNave to walk the Council through the process.

Seven years ago, the Council voted to have the Borough assume responsibility for the sidewalks in the residential district. Previously the Borough was responsible for only the sidewalks lifted by the Borough trees, Now the Borough is responsible for all sidewalks unless they are broken as a direct result of construction. They are working off of a list of streets with sidewalks that are deemed deficient and go through these streets zone by zone through each of the six zones. Mr. DeNave stated that Zone One is bounded by Watchung and Fairmount, the southwest quadrant.

Mr. DeNave responded to questions from the Mayor and Council Members about the risks, paving and other priorities that will be undertaken in the fall. Mr. DeNave said that the Borough has been using the Department of Public Works in all projects in order to be more efficient and it is a better use of its budgetary dollars. He gave the details of the new handicapped parking space at Borough Hall.

Council Member Weber inquired of Mr. DeNave about the sidewalk in front of number 143 Watchung Avenue that the Borough had received complaints on. Mr. DeNave responded that the tree had been removed from the sidewalk area and that the contractor would be replacing the sidewalk shortly.

Mr. DeNave also said that the Borough is working with the Washington Avenue School to alleviate traffic congestion. There will be a new curb and sidewalk configuration and alignment at the site. The School District will pay for this project.

Mr. DeNave further detailed the milling, patching and micro-surfacing of roads is also being done on Jessica, Lindsay, Second, Fern, Regina, Meadowbrook, Dempster, Duchamp and Princeton. Mr. DeNave accompanies the Department of Public Works to evaluate the roads and they are redone based on need.

Council Member Fife asked whether these roads were being done for the first time or if they were existing roads that were milled and resurfaced. Mr. DeNave responded with the details.

North Passaic is being milled and paved by Morris County. Curbing and drainage issues along North Passaic between Weston and Yale are also being addressed. Morris County is working with the Borough and paying for some of the drainage and curbing. The sidewalk and curbing will be done after the drainage is repaired. It is a two-month project.

At the pre-construction meeting, Mr. DeNave suggested that the ash trees that the County has decided need to be taken down on North Passaic should be taken down during this project phase.

Mr. DeNave said that the Borough is notifying the residents about the project.

Mr. DeNave discussed inflow and infiltration into the sanitary sewer system. Working with Madison, Mr. DeNave said the problem area is between Broadview and Fairmount will be addressed. No bid is required for this project because the Borough will be using the Madison: contractors to address the issue. It is on the schedule for the end of August.

Mayor Harris proceeded with opening the meeting for public comment.

MEETING OPEN TO THE PUBLIC

NOTICE OF PUBLIC COMMENT TIME LIMIT

Hearing of citizens during the Public Comment section of the Agenda is an opportunity for any member of the public to be heard about issues which are/are not topics scheduled for Public Hearing tonight. To help facilitate an orderly meeting, and to permit all to be heard, speakers are asked to limit their comments to a reasonable length of time.

Rozella Clyde - 33 Carmine Street - Ms., Clyde said that the curbing was done nicely in front of her house, and she thanked Mr. DeNave. She asked about the sidewalk replacement policy.

Mayor Harris responded that if there is a need because of safety issues to expand the existing network of sidewalks, the Long-Range Traffic and Pedestrian Safety Committee does an evaluation with the police chief. If it is a safety issue, then the Borough will address it.

Ellen Ames – 13 Girard Avenue – Ms. Ames said, She is against the idea of extending the sidewalks to our end of the block. She said that she raising young children, who walk to school, one who runs at night. A lot of residents drive their children to school. Her family has learned to use common sense and to take all the normal safety precautions. She also said, she does not think that the change is necessary.

Don Cardinal – 5 Girard Avenue- Mr. Cardinal said, he was on the police force for 31 years and said “my wife and I have lived here 48 years and I also do not see the need for sidewalks on Girard Avenue and most of us do not want them. Thank you”.

Ray Schaefer – 18 Girard Avenue – Mr. Schaefer said, people do go up and down the street quickly. Common sense prevails and there are condos being planned. The drainage on the street is an issue. Mr. Schaefer said he votes against extending the sidewalks.

Mary Tracy – 11 Girard Avenue – Ms. Tracy said, “she has have lived on Girard for 55 years and raised children here and we never had a problem. The parents drive the children to school so we do not need sidewalks and it would be a detriment”. Thank you.

Kimberly Condit – 3 Girard Avenue – Ms. Condit said, “she also agree that we do not need a sidewalk. If the street is widened, I feel that it would cause more traffic and take away from the property.

Krista Clark – Girard Avenue – Ms. Clark said, “she has lived here for 47 years and that she feels that if the street is widened, cars will drive faster. The children are driven to school and she does not see a reason for a sidewalk”.

Hugh Ames – 13 Girard Avenue – Mr. Ames said, “we are deeply against widening the road or installing sidewalks. I spoke to every neighbor on the street and everyone is opposed”.

Mayor Harris said that the Long-Range Traffic and Pedestrian Safety Committee and Traffic Council will look at the requests and consider residents input. The committee will be meeting by the end of August.

Mayor Harris asked for any other comments.

Mahmoud Salem – 19 Girard Avenue – Mr. Salem said, “he walked to the train for a few years, and he had not experienced any issues. The narrowing from Watchung forces you to slow down. If you widen it, people will speed up. However, there is a lighting issue on the street that should be looked at”.

Seeing no one else wishing to comment, Mayor Harris closed the meeting to the public and proceeded with the Council Committee Reports.
